

## IV Infusion Therapy

IV Therapy helps your body to reach an optimal level of vitamins, minerals and nutrients as quickly as possible. At Shakthi we offer a variety of IV cocktails for hydration, recovery, immunity and all around wellness.

“Medicine to promote whole body wellness”

### About Us

We believe in practicing medicine that focuses on whole body health. As integrative medicine doctors we focus our on root cause of your issue(s) with comprehensive treatments that heal the body rather than just masking the symptoms.

### Direct Primary Care

Direct Primary Care at Shakthi offers patients individualized care with great emphasis on developing meaningful relationships with each of our patients. Direct Primary Care liberates patients from the restrictions placed on their medical care by insurance companies.

📍 2702 Back Acre Circle  
Mt. Airy, MD 21771

📍 6816 Deerpath Rd  
Elkridge, MD 21075

**OPTIMIZE  
YOUR HEALTH  
& WELLNESS**

## What Is IV Therapy

IV Therapy allows patients an alternative way to treat symptoms of various health conditions. A cocktail of vitamins are administered intravenously which allows them to be better absorbed into the bloodstream.

## How It Helps

The IV nutrients actively boost the body's cells, allowing them to work more efficiently. Many of your nutrients are absorbed through the food you eat, but sometimes it may not be enough. IV Therapy provides your body the nutrient boost it requires.

## How To Get Started

If you are interested in learning more about our IV Therapy treatments and packages, or would like to schedule an appointment with our office, contact us at **(301) 703-5067**. IV appointments can be scheduled within one week. Each appointment lasts about 30-60 minutes.

# IV Options
